Danfoss Conversion Kit

Crimping Danfoss hose and fittings could not be easier! Use a Danfoss conversion kit and Danfoss tooling with your current crimper to be up and running in minutes. Provided in each conversion kit are instructions, items to convert the machine, crimp spec charts, rebranding materials, safety stickers, and training information.

Crimp Machine	Danfoss Machine Tooling Reference	Conversion Kit Part Number	Crimp Max Size Rating				
			Braided	Spiral	Thermoplastic	PTFE	Engine and Fuel
Hose Type							
Hose (examples)			GH781, GH681, EC215, EC115, FC639, EC118, GH194, FC839B, GH195, GH120, FC735	GH493, EC415, FC500, EC420, EC600, EC525, FC736, EC810, FC273B	3TR7, 3TR7N, 3TR8, 3TR8N, 3TR18CT	EN-TW, EC-TW	GH100, GH101, FC699, FC300, FC350, FC234
Fitting			1A (TTC)	4S/6S	4T or 1A (TTC) (with sleeve)	PTFE Fittings	100R5 Fittings
